## *CNY Women's Healthcare Providers*

I understand that as an **Obstetrical** patient of CNY Women's Healthcare, I am required to see all providers in the practice for my Obstetrical Care. This includes all Physicians: (Dr. Maria Ciciarelli, Dr. Jaya R. Nemani, Dr. Sarah Schoch-Storie, Dr. Carol Lopes and Dr. Krystal Foree) and Nurse Practitioner: Kaitlin Corona during my pregnancy.

I understand that all five (5) physicians and one (1) nurse practitioner will provide coverage for each other and therefore may be involved in my **Gynecological** care if my regular provider is not available or I am having an emergency.

I understand that my appointment may get moved to a different provider's schedule without notice if there are urgent or last minute changes in our office schedules.

If I refuse to have any of the Physicians care for me during delivery, or in the event of emergency including emergency surgery, I understand that I will need to seek care at another practice to continue my **Obstetrical** and/or **Gynecological** Care.

I further understand that Drs. Ciciarelli, Nemani, Schoch-Storie, Dr. Lopes and Dr. Foree provide Obstetric and Surgical care and share call for all patients of the office at Crouse Hospital in Syracuse, NY.

**Therefore, before you can be seen as a patient at our office, we request that you initial and sign the form, indicating that you have been advised of this information and agree to this manner of care.**
